

SYNDICATE BUYS MANGANESE LANDS

Transfer of Myers Property Represents Half Million Dollar Deal.

(Special to The Times-Dispatch.)
Lynchburg, Va., March 6.—A syndicate, headed by N. H. Livingston, of New York City, and Mr. Ireland, of London, England, yesterday afternoon purchased from D. W. Myers, of this city, the well-known Piedmont manganese property, which is located eight miles east of Lynchburg. The syndicate is already in possession of the property, the purchase price, a few thousand dollars less than half a million, having passed yesterday afternoon at 5 o'clock shortly after the deed was sent to Richmond to be recorded in the clerk's office of the Circuit Court there. The property was transferred to the syndicate in fee simple and without reservation.

The syndicate recently secured a State charter under the name of the Piedmont Manganese Corporation, and the business will be operated under that name in the future.

As soon as the weather opens work will start on a plant at the mine, which will be designed to cost from \$200,000 to \$250,000.

Dr. Charles T. Hennig, the chemist, who represented the syndicate in the preliminary examination of the property, declared this afternoon after he had given out a statement as to the purchase of the property, and that the mine purchase contains the best quality of oxide manganese he had ever seen, declaring it to be the best ore he had ever seen in such large quantities. From the preliminary examinations made by Dr. Hennig during the past ten weeks, he said this afternoon that he believes there are millions of tons of ore on the property.

In addition to the 315 acres purchased from Mr. Myers yesterday, the syndicate has options on 1,500 additional acres of adjoining land. These options will not lapse for a year, during which time the company will have made sufficient examinations to know whether or not it will want to exercise any or all of these options or not.

Dr. Hennig stated this afternoon that some of the largest machinery ever seen in Virginia would be installed in the big plant to be installed at the mine.

The output of the mine will be used largely for the manufacture of steel in big mills around Pittsburgh and for export to Europe. The remainder will be used for the plant to be erected at the mine for use in painting for glass manufacture, for disinfectants, brick coloring and for dry batteries. The bulk of the output, however, will go into the steel industry.

biggest hit of his visit to-day when he responded to the welcome extended to him by the Assembly. "My government," he said, "does not covet an inch of territory south of the Rio Grande. The full measure and extent of our policy is to assist in the maintenance of republican institutions in this hemisphere. We have a well-known policy regarding causes that might threaten the existence of an American republic from beyond the sea and will always be found willing to lend proper assistance to preserve the stability of sister American republics."

The president of the assembly said that there was some apprehension in Central America regarding the motives of the United States towards those republic under the Monroe Doctrine.

The Assembly adopted a resolution extending greetings to the United States Congress.

The country is aroused over the visit of the American secretary and about fifty telegraphic messages of greetings have been received.

Much opposition has developed in connection with Secretary Knox's visit. The Liberals have issued a manifesto. They do not wish to offend the secretary, but want him to know their grievances.

No papers were permitted to appear to-day. One hundred persons connected with anti-American campaigns were arrested and sent to jail yesterday and to-day.

WILEY WILL MAKE ANNUAL ADDRESS

Trinity College Authorities Announce Program for Commencement.

(Special to The Times-Dispatch.)
Durham, N. C., March 6.—The program for commencement at Trinity College for 1912 is as follows:

Sunday, June 2, 8:30 P. M.—Baccalaureate address, by President W. P. Few.

Tuesday, June 4, 11 A. M.—Baccalaureate sermon, by Bishop William Francis McDowell, D. D., LL. D., LL. D., P. M.—Alumni dinner, address by Hon. Frank A. Lindsey, Boone, N. C.; 8:30 P. M.—Graduating orations.

Wednesday, June 5, 10:30 A. M.—Commencement address, Dr. Harvey W. Wiley, D. D., M. D., LL. D., Washington, D. C. The conferring of degrees will take place at this hour. 3 P. M.—Annual reception in honor of the graduating class in Washington Duke Building.

The program will be carried out during the first week in June, on the occasion of the fifty-third annual commencement of Trinity College.

The exercises of commencement will, as usual, be opened by the baccalaureate address of the president of the college, June 2. This will be the second occasion of such a nature that Dr. William Brewster has officiated as chief executive of the college.

A native of Indiana and a graduate of Harvard College of the same State, in the class of 1887, Dr. Harvey W. Wiley, who will speak on the morning of June 2, was professor of Latin and Greek in Butler College, Indianapolis, for ten years after graduation, but since 1897 when he accepted the chair of chemistry in the same institution, he has devoted himself to science. From 1914 to 1915 he was professor of chemistry in Purdue University and State chemist of Indiana. He resigned both the above positions to accept the place of chief executive of the Department of Agriculture, Washington, which office he holds today, and has since then been in the United States Department of Agriculture, where he has also been chief executive of the Bureau of Plant Industry.

Bishop William Francis McDowell, of the Methodist Episcopal Church, is a graduate of the Wesleyan University in the class of 1879. He studied at the University of Durham in this institution in 1880. From Butler College he received the degree of S. T. B. and holds the degree of Doctor of Divinity and doctor of laws from the same college and universities of high standing in the nation.

From 1900 to 1908 Bishop McDowell was chancellor of the University of Denver. This position he resigned to become corresponding secretary of the National Association of Methodist Episcopal Churches. In 1909, when this position was elected to the bishopric of the Methodist Episcopal Church, he has been president of the board of trustees of the University at Evanston, Ill., and has delivered the college lectures in the theological department of Vanderbilt University. He is a member of the National committee of the Y. M. C. A. and is widely known as a speaker and lecturer.

News of South Richmond

South Richmond Bureau.
The Times-Dispatch.
1009 Hull Street.
Phone Madison 35.

Plan \$30,000 Theatre.
Rumors to the effect that South Richmond would shortly be graced by the addition of a \$30,000 theatre were floating around yesterday. Persons said to be interested in the new venture denied that any plans had been prepared, but said that the erection of such a building had been contemplated. The lot upon which the structure is proposed to be built is on the southwest corner of Twelfth and Hull Streets, and will be opposite the proposed building of the Mechanics' and Merchants' Bank. Several old and dilapidated houses are on the property. The lot has a frontage of about ninety feet and a depth of 125 feet. It is located in the heart of the business section of the South side.

Slow Filing Applications.
With only one more day in which to file applications with Secretary E. P. Waller, of the Washington Ward Democratic Club, the political situation of the Southside is taking on a disagreeable aspect. Not a single application has as yet been filed, and at least eight candidates have announced that they will file in the field. The situation is peculiar, to say the least.

Suit Postponed.
The suit of Thomas & Cross against Harvey C. Brown, which was scheduled for hearing in the Circuit Court, Part 2, before Judge E. H. Wells, was yesterday postponed until March 22. The reason for the postponement was transacted in the court yesterday.

Improvement Club Meeting Postponed.
Because of the bad weather the meeting of the Spanglers Civic Improvement League, which was to have been held last night at George's Hall, has been postponed until April 5. Meanwhile the work of preparing the resolution asking for the appointment of a committee to confer with the Richmond and Henrico Railway company with the aim of getting that company to extend its tracks to Spanglers and Oak Grove will be pushed forward. The plan is hoped will have the endorsement of the South Richmond and Chesterfield Business Men's Association.

Church to Give Entertainment.
An entertainment, consisting of tableaux and a play, which was scheduled for presentation to-morrow night, beginning at 8 o'clock, at the Richmond Baptist Church, has been postponed. The tableaux, which were shown at the Weatherford Baptist Church, where it was very successful, between twenty and twenty-five performers are necessary in the production. The funds will be devoted to church work.

Personal and General.
E. Thomas Butler, of Chester, was a visitor in South Richmond yesterday. Butler, who is a member of the Richmond Baptist Church, was shown at the Weatherford Baptist Church, where it was very successful, between twenty and twenty-five performers are necessary in the production. The funds will be devoted to church work.

Receipt No. 1 Goes to Champ Clark.
New York, March 6.—Speaker Champ Clark, Missouri's favorite son, will receive to-morrow from the Union Trust Company of New York the first receipt of contributions to the Jefferson Memorial Fund. The receipts are numbered serially, and the speaker of the house of Representatives has No. 1, because he lost no time in signing his check and sending it with a letter, in which he said in part: "I will chip in my mite to help in a good work along Jefferson was the preeminent philosopher that ever devoted his life to statesmanship and one of the greatest original thinkers the world has ever known. His political ideas have benefited the entire world of humanity and will finally become universal in practice. If anybody deserves a monument, most assuredly he does."

The Union Trust Company, depository of the Jefferson Memorial Fund, began sending out receipts to-day.

Later, when the committee's work is fully organized, the names of contributors will be published, and no amount will be too small to secure for its donor a place on this Jeffersonian roll of honor.

(Special to The Times-Dispatch.)
Washington, D. C., March 6.—Democratic leaders in Congress continue to express instituted approval of the movement to augment the Thomas Jefferson Memorial Fund by contributions from admirers of Jefferson in every corner of the United States.

Representative John Lamm, of Richmond, said: "Every Virginian who loves his State and its history appreciates the bequest of Joseph Pulitzer. Thomas Jefferson had implicit faith in his fellowmen. He fought for a government founded on this belief. In fact it may be said that he built an asylum for the oppressed of all the world. If he had done nothing more than to abolish the laws of primogeniture and entail it would have made him immortal. Through his influence the separation of church and State was made possible, and men of every religious belief are now enjoying the fruits of his labors."

Just breathe HYOMEI—that's all you have to do—no stomach dosing—it passes over the inflamed membrane, kills the germs and heals the inflammation.

It is guaranteed to end catarrh, coughs and colds, or money back. Sold by Friggle Drug Co. and druggists everywhere.

Hyomei Ends Catarrh

Notice this picture: it shows the little hard rubber HYOMEI inhaler the exact size.

If you own one you can get a bottle of HYOMEI (liquid) for only 50 cents. If you do not own one \$1.00 will buy you a complete HYOMEI outfit, including inhaler. Then you will have in your possession a remedy that banishes catarrh, colds and coughs.

Must Get Along Without Liquor

Commissioners Rule Against "Bracers" for Inmates of County Home.

Asheville, N. C., March 6.—The Wake county commissioners, sitting at Raleigh, to-day put into effect an order which prohibits the superintendent of the county home giving morphine or habit before entering the home, and that they were constantly in a state of collapse, from which they could not be aroused without the administration of drugs.

The Raleigh Council, Junior Order United American Mechanics, has called on all the councils of this State to demand from the national council the removal of John Noyes, secretary of the legislative board, alleging improper conduct.

The Raleigh council, in resolutions passed by that body, charge that Mr. Noyes sought to involve the local councils of North Carolina in partisan politics, alleging that he wrote to the officers of the Raleigh council, urging them to forward at once to United States Senator Simmons of this State an endorsement of the amendment by Simmons to the Immigration bill, which inserts an illiteracy test therein.

Seattle Election Results.
Seattle, Wash., March 6.—Complete unofficial figures from 274 out of 281 precincts in yesterday's municipal elections indicate the election of George F. Cotterill, municipal ownership candidate, for Mayor, over Hiram C. Gill, "open town" candidate, by 1,000 to 2,000 majority. The figures are: Cotterill, 31,278; Gill, 30,000.

Death of Colonel Thomas C. James.
Wilmington, N. C., March 6.—Colonel Thomas C. James, commercial agent of the Chesapeake and Ohio Railway here, and for more than thirty years prominently identified with the State National Guard, died late to-night after a sudden attack of illness suffered as he arrived in the city from a business trip up the State. Colonel James was a member of a distinguished North Carolina family.

Regular Meeting of the Episcopal Church Club was held in the Y. M. C. A. Hall Tuesday evening. Mr. Randolph delivered a very interesting informal talk.

L. L. Leach, of Lexington, has been selected by the class of 1913 to edit next year's Bombs.

Colonel J. M. Patton has recovered from his recent illness, and is again meeting his classes daily.
